

RECOMMENDED BOOKS

BT-301: Structural Biology

- Essentials of Molecular Biology by D. Freifelder
- Introduction to Protein Architecture by A.M. Lesk
- Protein Structure by M.Perutz

BT-302: Immunology & Immuno-Technology

- Basic Immunology by A.K. Abbas & A.H. Lichtman
- Fundamentals of Immunology by W. Paul
- Immunology : A Short Course by E. Benjamin, R.Coico & G. Sunshine

BT-303: Recombinant DNA Technology

- DNA Science by D. Micklos
- Molecular & Cellular Methods in Biology by P.B. Kaufman, W. Wu

BT-304: Database Management System

- Database System Concepts by Silberschatz, Korth, Sudarshan
- Database Management by P.C. Desai
- Introduction to Database Systems by C.J. Date

BT-305: Chemical Engineering Principles

- Basic Principles of Chemical Engineering by E.I. Shaheen
- Elementary Principles of Chemical Processes by R.M. Felder & R.W. Rousseau
